

## Information Technology Park on Financial Inclusion at BIRD

In coming days the rural banking would be greatly influenced by “Technology enabled Financial Inclusion” to provide “Door Step Banking” especially to the rural clients. Bankers are also inclined towards inducting and promoting the technology based solutions in the operations of Financial Inclusion,

It is in this Context that BIRD with assistance of IT companies has opened a Technology Park in its campus to show case the various technological solutions for Financial Inclusion.

**The Technology Park was inaugurated by Shri U. S. Sarangi, IAS, Chairman, NABARD on 25<sup>th</sup> July 2009:**

It is envisaged that the Technology Park would provide opportunity to the trainee participants of BIRD (Bank officials, Government officials, officials from Cooperatives, MFIs and NGOs) and other visitors (National and International) to understand and appreciate various technological solutions offered by different IT companies under one roof.

The Technology Park is opened on a daily basis and is the integral part of the structure of all training programmes which are conducted in BIRD. At present the products of about 8 Companies have been show cased in the Technology Park.
